Citric Acid (10% sol)	<i>Citric Acid</i>	2	Provided

## APPEARANCE:

Thick, creamy, foaming baby wash. pH 5.5

## MANUFACTURING PROCESS:

Add the sunflower oil into the Sucragel AOF under propeller mixer.

Add the Xanthan gum and Carageenum to the water and surfactants under a homogenizer such as a Silverson.

Add the water phase to the Sucragel/oil mixture under the homogenizer and finally add the preservative and pH modifier.

## STABILITY TESTS:

This product is currently on stability at 45°C

## COMMENTS:

Add to running water to give a foaming milky bath or pour a small amount into wet hands and use to wash the baby. If product gets into the eyes wash thoroughly with water.
