

kinetikTM
2019 NEW PRODUCTS

INNOVATION COMES NATURALLY

At Kinetik, we strive to deliver cutting-edge and functional raw materials for natural personal care. As a supplier of high-quality specialty ingredients from around the globe, we strive to exceed the development and marketing needs of our customers.

This 2019 catalog supplement highlights the latest product innovations from our strategic partners. We invite you to explore the opportunities these ingredients can bring to your product development process. For a complete list of the exciting materials we offer, please visit our website **www.kinetiktech.com**

TRADE NAME	INCI NAME	DESCRIPTION	USE LEVEL	SUPPLIER	CATEGORY
<h2>Active Innovations</h2>					
 GLA AMY AQ	Water, Prunus Armeniaca (Apricot) Kernel Extract, Prunus Serotina (Wild Cherry) Bark Extract, Prunus Spinosa Wood Extract	Botanical blend providing retinol-like activity. Apricot, wild cherry, and blackthorn extracts are rich in Mandelic Acid, considered a less irritating but highly effective AHA for anti-aging formulations.	5.0 - 20.0%	Green Line	Anti-Aging
 OceanMist CL™	Caprylic/Capric Triglyceride, Nannochloropsis Oceanica Extract, Phytocholesterol (pending)	Microalgae active blend that repairs and boosts barrier function with a rich source of plant-derived cholesterol. Ideal for improving sensitive and atopic skin health and condition.	0.2 - 5.0%	Natura-Tec	Anti-Aging
 Organic Snail Slime	Snail Secretion Filtrate	Freeze-dried garden snail slime, rich in proteins and antioxidants to help reverse the signs of photo-aging and reduce ROS activity.	5.0 - 80.0%	Interaxion	Anti-Aging
 SeaRenew	Pouteria Sapota Seed Oil (and) Nannochloropsis Oceanica Extract	Sapote Oil and microalgae complex that promotes and supports hair strength and growth.	0.5 - 5.0%	Natura-Tec	Hair Care Actives

 = Naturally-derived ingredients

TRADE NAME	INCI NAME	DESCRIPTION	USE LEVEL	SUPPLIER	CATEGORY
Sodium Ascorbyl Phosphate	Sodium Ascorbyl Phosphate	A stabilized Vitamin C derivative that is metabolized on the skin. Releases pure ascorbic acid to improve collagen synthesis and repair, with skin brightening and antioxidant benefits.	0.2 - 5.0%	Selco	Anti-Aging
MORIPURE® POWDER SD	Sericin	100% sustainable silk powder with texturizing properties. Ideal for skin care and makeup applications.	1.0 - 5.0%	Res Pharma	Moisturizing
MORIPURE® SERICIN	Glycerin, Water, Sericin	Sustainably sourced silk derivative. Adds moisture and enhances rheology of skincare formulations.	2.0 - 10.0%	Res Pharma	Moisturizing
MORIPURE® SILK AQUA	Silk Water, Pentylene Glycol	Aqueous by-product of silk production for skin, body and hair care applications.	1.0 - 100.0%	Res Pharma	Moisturizing
RESOMA® SERIPURE	Glycerin, Water, Caprylic/Capric Triglyceride, Hydrogenated Lecithin, Sericin	Liposomal delivery of pure sericin to the skin. Provides moisturization and film-forming properties, skin hydration and sensorial enhancement.	1.0 - 5.0%	Res Pharma	Moisturizing
CiBiDinol™ 30	Cyclodextrin, Cannabis Sativa Flower/ Leaf/Stem Extract	Water-dispersible CBD complex with increased bioavailability and enhanced delivery, providing up to 30 times more cannabidiol to the skin.	1.0 - 5.0%	Xceptor	Skin Soothing
 GLS HEMP 10	Cannabis Sativa Seed Oil, Cannabidiol, Carthamus Tinctorius (Safflower) Seed Oil, Rosmarinus Officinalis (Rosemary) Leaf Extract	Standardized CBD extract reported to provide antioxidant, anti-aging, skin soothing and anti-inflammatory benefits.	0.25 - 1.0%	Green Line	Skin Soothing

TRADE NAME	INCI NAME	DESCRIPTION	USE LEVEL	SUPPLIER	CATEGORY
 GLA Inflammox™	Isoamyl Laurate, Curcuma Longa (Turmeric) Root Extract, Zingiber Officinale (Ginger) Extract, Vaccinium Angustifolium (Blueberry) Fruit Extract, Vaccinium Macrocarpon (Cranberry) Fruit Extract	Powerful, oil-soluble botanical complex. Provides excellent anti-oxidant and anti-inflammmtory properties for anti-aging and skin soothing preparations.	0.1 - 15.0%	Green Line	Skin Soothing

Antimicrobials

Dermosoft® EHG	Ethylhexylglycerin	Versatile and multifunctional additive with antimicrobial efficacy. Boosting effect on antimicrobials and preservatives. Easy to handle, pH independent.	0.3 - 1.0%	Evonik	Multifunctional Antimicrobials
Dermosoft® UTM	Undecylenamidopropyltrimonium Methosulfate, Water, Propylene Glycol	Cationic surfactant with antimicrobial efficacy. Easy to handle and soluble in water even at higher pH (up to 7).	1.0 - 3.0%	Evonik	Multifunctional Antimicrobials
Verstabil® PE	Phenoxyethanol, Ethylhexylglycerin	Synergistic blend of phenoxyethanol and ethylhexylglycerin with broad-spectrum antimicrobial efficacy. pH independent.	0.8 - 1.0%	Evonik	Blended Preservatives

TRADE NAME	INCI NAME	DESCRIPTION	USE LEVEL	SUPPLIER	CATEGORY
<h2>Emuslifiers & Solubilizers</h2>					
 Green Wax GL	Cetearyl Alcohol, Glyceryl Laurate	100% naturally-derived co-emulsifier and viscosity enhancer. Provides a rich texture in emulsions and supports formulation preservation.	3.0 - 6.0%	Green Line	Co-Emulsifiers
 Imbue™ SF	Water, Carthamus Tinctorius (Safflower) Seed Oil, Glycerin, Polyglyceryl-6 Stearate, Glyceryl Caprylate, Xanthan Gum, Rosmarinus Officinalis (Rosemary) Leaf Extract	Imbue™ microemulsion technology. Flexible formulation platform can be used to create sprayable milks, wet-wipe solutions, light lotions or rich creams. Imbue SF provides the beneficial properties of safflower oil to the skin.	3.0 - 50%	Green Line	Emulsion Concentrates
 Imbue™ SHEA	Water, Butyrospermum Parkii (Shea) Oil, Glycerin, Polyglyceryl-6 Stearate, Glyceryl Caprylate, Carthamus Tinctorius (Safflower) Seed Oil, Xanthan Gum, Rosmarinus Officinalis (Rosemary) Leaf Extract	Imbue™ microemulsion technology. Flexible formulation platform can be used to create sprayable milks, wet-wipe solutions, light lotions or rich creams. Imbue SHEA provides the nourishing, skin conditioning properties of shea butter easily to any formulation.	3.0 - 50%	Green Line	Emulsion Concentrates

TRADE NAME	INCI NAME	DESCRIPTION	USE LEVEL	SUPPLIER	CATEGORY
 Imbue™ TEC	Water, Triethyl Citrate, Glycerin, Polyglyceryl-6 Stearate, Glyceryl Caprylate, Carthamus Tinctorius (Safflower) Seed Oil, Xanthan Gum, Rosmarinus Officinalis (Rosemary) Leaf Extract	Imbue™ microemulsion technology. Flexible formulation platform can be used to create sprayable milks, wet-wipe solutions, light lotions or rich creams. Imbue TEC is an ideal base for natural skin care and deodorants applications.	3.0 - 50%	Green Line	Emulsion Concentrates
 Green Wax C	Glyceryl Stearate, Sodium Stearoyl Lactylate, Cetearyl Alcohol, Glyceryl Caprylate	100% natural, anionic emulsifying blend. Suitable for use in cleansers, lotions and creams. Creates unique textures for natural cosmetics.	3.0 - 6.0%	Green Line	O/W Emulsifiers
 Green Wax N	Polyglyceryl-3 Stearate, Cetearyl Alcohol, Glyceryl Caprylate	100% natural, anionic emulsifying blend. Easy to process and achieve a wide range of viscosities. Compatible with various cosmetic oils and esthers. PEG-free alternative to Emulsifying Wax NF.	3.0 - 6.0%	Green Line	O/W Emulsifiers
 GreenSolv™ 168	Caprylyl/Capryl Glucoside , Polyglyceryl-10 Laurate , Water, Glycerin , Polyglyceryl-10 Oleate	A 100% natural oil solubilizer designed to solve a common problem with a natural solution. GreenSolv™ 168 was carefully developed using natural chemistries that work together in a synergistic manner.	1.0 - 6.0%	Green Line	Solubilizer

TRADE NAME	INCI NAME	DESCRIPTION	USE LEVEL	SUPPLIER	CATEGORY
<h2>Emollients</h2>					
 Megasoft Complex	Crambe Abyssinica Seed Oil, Euphorbia Cerifera (Candelilla) Wax, Hydroxystearic Acid, Beta-Sitosterol, Rhus Verniciflua Peel Cera/Rhus Succedanea Fruit Wax, Tocopherol, Helianthus Annuus (Sunflower) Seed Oil	Natural silicone replacement of blended natural waxes, oils and emollients, for skin hydration with a light skin feel. Suitable for hair care to improve softness and combability. MP: 52–58 °C	1.0 - 5.0%	KahlWax	Jellies
 Green Wax MG	Myrica Cerifera (Bayberry) Fruit Wax, Glyceryl Caprylate	100% naturally-derived, functional wax blend. Imparts a luxurious skin feel, improves pigment wear, stabilizes stick formulations and provides hold in hair styling products.	3.0 - 6.0%	Green Line	Emollient
Resplanta® ALMOND MB	Almond Oil Glycereth-8 Esters	Water-soluble almond oil with emollient and conditioning properties.	1.0 - 10.0%	Res Pharma	Water Soluble Oils
Resplanta® AVOCADO MB	Avocado Oil Glycereth-8 Esters	Water-soluble avocado oil with emollient, softening and nourishing properties.	1.0 - 10.0%	Res Pharma	Water Soluble Oils
Resplanta® CAMELINA MB	Camelina Sativa Seed Oil Glycereth-8 Esters	Water-soluble camelina seed oil with emollient and nourishing properties.	1.0 - 10.0%	Res Pharma	Water Soluble Oils
Resplanta® HEMP IN-FUSION MB	Cannabis Sativa Seed Oil Glycereth-8 Esters	Water-soluble hemp seed oil with emollient, soothing and nourishing properties.	1.0 - 10.0%	Res Pharma	Water Soluble Oils

TRADE NAME	INCI NAME	DESCRIPTION	USE LEVEL	SUPPLIER	CATEGORY
Resplanta® LINSEED MB	Linseed Oil Glycereth-8 Esters	Water-soluble linseed oil with moisturizing and softening properties.	1.0 - 10.0%	Res Pharma	Water Soluble Oils
Resplanta® MACADAMIA MB	Macadamia Oil Glycereth-8 Esters	Water-soluble macadamia nut oil with emollient, softening and repairing properties.	1.0 - 10.0%	Res Pharma	Water Soluble Oils
Resplanta® OLIVE MB	Olive Oil Glycereth-8 Esters	Water-soluble olive oil with emollient and nourishing properties.	1.0 - 10.0%	Res Pharma	Water Soluble Oils
Resplanta® SAFFLOWER MB	Safflower Seed Oil Glycereth-8 Esters	Water-soluble safflower seed oil with emollient and softening properties.	1.0 - 10.0%	Res Pharma	Water Soluble Oils
Resplanta® SESAME MB	Sesame Oil Glycereth-8 Esters	Water-soluble sesame seed oil with softening and nourishing properties.	1.0 - 10.0%	Res Pharma	Water Soluble Oils
Resplanta® SHEA MB	Shea Butter Glycereth-8 Esters	Water-dispersible shea butter with emollient and softening properties.	1.0 - 10.0%	Res Pharma	Water Soluble Oils
Resplanta® WHEAT MB	Wheat Germ Oil Glycereth-8 Esters	Water-soluble wheat germ oil with softening and nourishing properties.	1.0 - 10.0%	Res Pharma	Water Soluble Oils
 Resplanta® Phyto ALMOND MB	Almond Oil Polyglyceryl-4 Esters	PEG-free, water-dispersible almond oil produced with natural polyglycerol.	1.0 - 5.0%	Res Pharma	PEG-Free Water Soluble Oils
 Resplanta® Phyto BABASSU MB	Babassu Oil Polyglyceryl-4 Esters	PEG-free, water-dispersible babassu oil produced with natural polyglycerol.	1.0 - 5.0%	Res Pharma	PEG-Free Water Soluble Oils

	TRADE NAME	INCI NAME	DESCRIPTION	USE LEVEL	SUPPLIER	CATEGORY
	Resplanta® Phyto BROCCOLI MB	Brassica Oleracea Italica Seed Oil Polyglyceryl-4 Esters	PEG-free, water-dispersible broccoli seed oil produced with natural polyglycerol.	1.0 - 5.0%	Res Pharma	PEG-Free Water Soluble Oils
	Resplanta® Phyto CAMELINA MB	Camelina Sativa Seed Oil Polyglyceryl-4 Esters	PEG-free, water dispersible camelina seed oil produced with natural polyglycerol.	1.0 - 5.0%	Res Pharma	PEG-Free Water Soluble Oils
	Resplanta® Phyto LINSEED MB	Linseed Oil Polyglyceryl-4 Esters	PEG-free, water-dispersible linseed oil produced with natural polyglycerol.	1.0 - 5.0%	Res Pharma	PEG-Free Water Soluble Oils
	Resplanta® Phyto MACADAMIA MB	Macadamia Seed Oil Polyglyceryl-4 Esters	PEG-free, water-dispersible macadamia oil produced with natural polyglycerol.	1.0 - 5.0%	Res Pharma	PEG-Free Water Soluble Oils
	Resplanta® Phyto OLIVE MB	Olive Oil Polyglyceryl-4 Esters	PEG-free, water-dispersible olive oil produced with natural polyglycerol.	1.0 - 5.0%	Res Pharma	PEG-Free Water Soluble Oils
	Resplanta® Phyto POMEGRANATE MB	Punica Granatum Seed Oil Polyglyceryl-4 Esters	PEG-free, water-dispersible pomegranate seed oil produced with natural polyglycerol.	1.0 - 5.0%	Res Pharma	PEG-Free Water Soluble Oils
	Resplanta® Phyto PUMPKIN MB	Pumpkin Seed Oil Polyglyceryl-4 Esters	PEG-free, water-dispersible pumpkin seed oil produced with natural polyglycerol.	1.0 - 5.0%	Res Pharma	PEG-Free Water Soluble Oils
	Resplanta® Phyto SAFFLOWER MB	Safflower Seed Oil Polyglycerl-4 Esters	PEG-free, water-dispersible safflower oil produced with natural polyglycerol.	1.0 - 5.0%	Res Pharma	PEG-Free Water Soluble Oils

TRADE NAME	INCI NAME	DESCRIPTION	USE LEVEL	SUPPLIER	CATEGORY
Beeswax Substitute	Microcrystalline wax, Hydrogenated Vegetable Oil, Stearyl Stearate, Hydroxystearic Acid	Vegan, economic alternative to traditional beeswax. Designed for the use in lip products and all other classic beeswax applications. MP: 69 - 75°C	2.0 - 20.0%	KahlWax	Waxes
 BerryJelly	Ricinus Communis (Castor) Seed Oil, Rhus Verniciflua Peel Wax/Rhus Succedanea Fruit Wax, Tocopherol	Unique blend of natural waxes and oils with super soft, silky lip and skin feel and high oil-binding capacity. MP: 42 – 48°C.	5.0 - 10.0%	KahlWax	Waxes

Thickeners

 Sapogel Q	Glycerin, Water, Quillaja Saponaria Wood Extract, Saponaria Officiinalis Leaf/Root Extract	Natural, saponin-based, cold process gellant for vegetable oils. Creates rich, stable and translucent gels with balm-like textures. Ideal for lip, body and hair care.	20.0 - 25.0%	Alchemy	Oil Gellants
 FARMAL® Acacia 1330	Acacia Senegal Gum	Cold Process, non-GMO water thickener for rinse-off and leave on applications, color cosmetics, and where adhesive properties are desired.	0.5 - 5.0%	Ingredion	Thickeners
 FARMAL® Konjac 1330	Amorphophallus Konjac Root Extract	Natural, non-GMO polymer with film forming and conditioning properties for rinse-off and leave on applications. Suitable for natural hair styling and curl retention.	0.5 - 2.0%	Ingredion	Thickeners

	TRADE NAME	INCI NAME	DESCRIPTION	USE LEVEL	SUPPLIER	CATEGORY
	FARMAL® Locust Bean T130	Ceratonia Siliqua (Carob) Gum	Natural, organic polymer offering film forming properties and increased emulsion stability for rinse-off and leave on applications. Suitable for natural hair styling and curl retention.	0.5 - 2.0%	Ingredion	Thickeners
	FARMAL® Pectin T330	Pectin	Natural, non-GMO polymer that stabilizes and increases viscosity of low pH (1 - 4.5) rinse-off and leave on applications. Performs in sulfate-free systems.	0.5 - 2.0%	Ingredion	Thickeners
	FARMAL® Xanthan T340	Xanthan Gum	Cold Process water thickener for a range of viscosity and skin conditioning for rinse-off and leave on applications. Natural, non-GMO, Kosher and Halal	0.25 - 2.0%	Ingredion	Thickeners
	Intergel	Sclerotium Gum	Cold water-soluble stabilizing and texturizing agent. Creates high viscosity gels with shear-thinning properties. High heat, low pH and electrolyte tolerant with exceptional suspension capacity.	0.1 - 2.00%	Interaxion	Thickeners

Other Specialties

	Dermofeel® TocoBalance	Tocopherol, Helianthus Annuus (Sunflower) Seed Oil	Soy-free, rapeseed derived antioxidant with balanced content of mixed tocopherols. Offers both skin and formulation protection.	0.05 - 1.5%	Evonik	Antioxidants
---	------------------------	--	---	-------------	--------	--------------

	TRADE NAME	INCI NAME	DESCRIPTION	USE LEVEL	SUPPLIER	CATEGORY
	Dermofeel® TocoSkin	Tocopherol, Helianthus Annuus (Sunflower) Seed Oil	Soy-free, sunflower derived antioxidant with naturally high content of α-Tocopherol for skin protection.	0.05 - 1.0%	Evonik	Antioxidants
	Organic Radigard™ CO-R	Canola Oil, Rosmarinus Officinalis (Rosemary) Leaf Extract	Organic botanical antioxidant from the rosemary leaf in organic canola oil. Provides reliable oxidation protection for a wide range of lipids and oils. 1:1 replacement for Tocopherol.	0.25 - 1.0%	Green Line	Antioxidants
	Radigard™ CT-R	Caprylic/Capric Triglyceride, Rosmarinus Officinalis (Rosemary) Leaf Extract	Botanical antioxidant from the rosemary leaf in caprylic/capric triglycerides. Provides reliable oxidation protection for a wide range of lipids and oils.	0.25 - 1.0%	Green Line	Antioxidants
	Radigard™ SF-R	Carthamus Tinctorius (Safflower) Seed Oil, Rosmarinus Officinalis (Rosemary) Leaf Extract	Botanical antioxidant from the rosemary leaf in safflower oil. Provides reliable oxidation protection for a wide range of lipids and oils. 1:1 replacement for Tocopherol.	0.25 - 1.0%	Green Line	Antioxidants
	Radigard™ SN-R	Helianthus Annuus (Sunflower) Seed Oil, Rosmarinus Officinalis (Rosemary) Leaf Extract	Botanical antioxidant from the rosemary leaf in sunflower seed oil. Provides reliable oxidation protection for a wide range of lipids and oils. 1:1 replacement for Tocopherol.	0.25 - 1.0%	Green Line	Antioxidants
	Green Clay	Montmorillonite	Rich in minerals such as calcium, iron, magnesium and potassium. Highly absorbent and recommended for oily skin.	1.0 - 100.0%	Interaxion	Clays

	TRADE NAME	INCI NAME	DESCRIPTION	USE LEVEL	SUPPLIER	CATEGORY
	Pink Clay	Montmorillonite	Rich in trace elements, helps epidermal cells to regenerate and purifies the skin. Recommended for delicate, sensitive skin.	1.0 - 100.0%	Interaxion	Clays
	White Clay	Kaolin	Fine powdered clay, containing fewer minerals and less absorbent. Recommended for dry, sensitive skin. Acts as a natural mineral filler in color cosmetics.	1.0 - 100.0%	Interaxion	Clays
	Green Wax CC	Cetearyl Alcohol, Polyglyceryl-3 Stearate, PCA Glyceryl Oleate, Glyceryl Caprylate	100% natural, PEG and quat-free, self emulsifying conditioning concentrate. Provides anti-static and re-fatting properties, wet combing benefits and reduces flyaway. Becomes cationic at pH < 5.5. Ideal for hair care and in-shower moisturizers.	3.0 - 6.0%	Green Line	Hair Care Conditioners
	Natural BBB-Beauty Balm Base	Hydrogenated Ethylhexyl Olivatate, Hydrogenated Castor Oil, Butyrospermum Parkii (Shea Butter), Tocopherol	Ultra-light, multifunctional base to create smooth, matte and non greasy anhydrous formulations. MP: 68 - 78°C	1 - 100%	Natura-Tec	Wax Bases
	Natural Lip Intense Pastilles	Pouteria Sapota Seed Butter, Butyrospermum Parkii (Shea) Butter, Rhus Succedanea Fruit Wax, Copernicia Cerifera (Candelilla) Wax, Tocopherol	Vegan lip care base in pellet form, developed to obtain long lasting, highly stable lip stick formulations. MP: 65 – 75°C	1 - 100%	Natura-Tec	Wax Bases

TRADE NAME	INCI NAME	DESCRIPTION	USE LEVEL	SUPPLIER	CATEGORY
 Natural Matte Lipstick Base	Simmondsia Chinensis (Jojoba) Seed Oil, Ricinus Communis (Castor) Seed Oil, Rhus Verniciflua Peel Wax/Rhus Succedanea Fruit Wax, Kaolin, Caprylic/Capric Triglyceride, Copernicia Cerifera (Carnuba) Wax, Euphorbia Cerifera (Candelilla) Wax, Helianthus Annuus (Sunflower) Seed Wax, Tocopherol, Helianthus Annuus (Sunflower) Seed Oil, Ascorbyl Palmitate	Natural, vegan blend of jojoba oil, castor oil and a mix of unique waxes designed for matte lipsticks. Requires only the addition of pigments. Moisturizes and provides excellent pay-off, pleasant hardness, and good breakage resistance.	1.0 - 100%	KahlWax	Wax Bases
